

POLARIS 600 RUSH

THIS CHANGES EVERYTHING.

Introducing the all-new Polaris RUSH™ – the first snowmobile with a truly progressive-rate rear suspension that lets riders dominate the whoops like a motocrosser and conquer the corners with rider-active control. The RUSH's bottomless PRO-RIDE™ suspension is designed to absorb the toughest bumps, transferring the load to the super-rigid PRO-RIDE chassis helping to isolate the rider from spine-tinglers. Ride harder, faster, longer, and ride again tomorrow. Feel the RUSH.

WITH THE FIRST PRO-RIDE PROGRESSIVE-RATE REAR SUSPENSION

The new Polaris RUSH breaks the rules and changes the game with the world's first PRO-RIDE progressive-rate rear suspension for snowmobiles. Unlike conventional suspensions, RUSH offers no compromise in front or rear rate, allowing for a smoother ride and less bottoming.

PRO-RIDE SUSPENSION

PRO-RIDE gets progressively stiffer through its travel for a smoother more controlled ride and protects from bottoming out on big bumps similar to a motocross bike.

PRO-RIDE CHASSIS

A stronger, stiffer chassis creates less flex, allowing the front end to be planted firmly in the corners, delivering sharper handling, less ski lift and greater control.

INTRODUCING TRUE RIDER-ACTIVE CONTROL

Anticipate and respond to any trail condition or obstacle using body input to affect your sled. Slide back on the seat for serious weight transfer, slide forward to set the front end for cornering with maximum bite. You're in control, not the terrain.

600 CC'S OF TERRAIN DOMINATION

The new Polaris RUSH is powered by our proven Liberty 600 Cleanfire engine, the strongest and most highly praised 600 in the industry. Delivering award winning power with class leading acceleration and Polaris quality.

TECHNICAL SPECIFICATIONS

DIMENSIONS

Estimated Dry Weight	459 lbs / 208 kg
Overall Length	108 in / 274 cm
Overall Width	48 in / 121.9 cm
Overall Height	46 in / 117 cm
Ski Center Distance	42.5 in / 108 cm
Fuel Capacity	11 gal / 41.7 ltr

ENGINE & DRIVETRAIN

Engine Type / Cooling	Liberty® / Liquid
Cylinders, Displacement	2, 599 cc
